Gamze Sever
Full-Stack Developer

I received education in different fields then I decided to pursue my career in software development and started a new journey.I began this path with an intensive Full-Stack training program, continually challenging myself and acquiring new skills to excel as a software developer. My ability to quickly adapt and my openness to innovation enable me to thrive. With a strong keen desire to learn, I am committed to advancing myself further every day. Additionally, I have a work permit in EU countries and do not require visa sponsorship.

SKILLS

Front End: Javascript, React.js, Hooks, Context API, Redux, Axios, Yup, Jest, Cypress, HTML, CSS, Tailwind Css,

Back End: Java, OOP, Data Structures, Design Patterns, Maven, Spring Core, Spring Boot, Spring Data JPA, Spring Security, SQL, PostgreSQL, Git, .Net

Additional: Algorithms, Debugging, Deployment, Problem Solving, Figma, Teamwork, Basic level Adobe Illustrator & Photoshop & Lightroom & Premiere Pro knowledge, Canva, Meta Business Suite

SOFTWARE PROJECTS

Library Management System, Java | OOP

- This project is a library management system developed using Java and object-oriented programming (OOP) principles.
- It manages user operations such as searching, borrowing, and returning books.

E-commerce Project, *Full-Stack Developer, React | Tailwind CSS*

- Working on frontend development of an e-commerce website project.
- Creating responsive designs using React and Tailwind CSS.
- Planning to complete backend development to ensure end-to-end project ownership.
